“So the last will be first and the first last.” (Matthew 20:16)

You’ve heard the saying “It’s not where you start, but how you finish.” This certainly applies to this Bible passage. We have a responsibility not only for our own lives, but for the lives of others as well. We are called to generously share our gifts with others, not hoard them for our own use. Our sincere gratitude and cheerful generosity will help us live “God-centered” lives and not “self-centered” lives.

Sunday Family Faith

Registration is now open for this year (2020-2021). Our start date is September 20, but it is not too late to register. Please fill out the registration form on www.ihmindy.org - Religious Education - Sunday Family Faith.

Because of the COVID-19 pandemic, we are temporarily offering two alternatives: **in-person instructions** (practicing COVID-19 precautions) after the 10 am Mass (11 am to 12.15 pm), as well as **at home instructions** where we will provide you with the necessary materials to help your children learn at the same pace as the kids who attend in-person instructions. They will also regularly communicate with the SFF teachers to stay connected to them for the time when we can all go back to the classroom. Please choose the option that works best for your family!

We are now offering Sunday Family Faith **classes for 7th and 8th graders** as well. Please re-register last year's 6th graders! While we all should practice life-long learning when it comes to our faith, it is especially significant to continue formal religious education during the childhood years, and it will make a great difference in their knowledge and willingness when it is time to prepare for the Sacrament of Confirmation!

Sadly, because of the COVID-19 restrictions, we cannot at this time offer a class for children of **pre-school** age. But we are not forgetting about our youngest members of the Church and will provide some take home materials to help them grow in faith as well. 2nd graders will receive the Sacraments of First Reconciliation and First Communion. If you didn't attend the First Reconciliation Parent Meeting on September 17, at 7 pm in the Church, please contact Ute Eble at ueble@ihmindy.org for more information and to receive your materials.

Please help us out by **volunteering!** We are in dire need of teachers and assistants. If you choose the in-person option for your family we ask you to consider stepping up as a teacher or classroom helper. You will receive both training and assistance from the first moment and benefit spiritually in many ways!

Leader In Me ~ IHM School

Research has shown that the simple act of writing a goal greatly increases the chances of accomplishing the goal. If the goal is broken down into action steps and the action steps are tracked, goals have an even greater percentage of success.

At school, your student has created their academic and personal goals for the first quarter and written them down in their Leadership Notebook.. You will gain a lot of information on how your student is doing if you ask your student to tell you about their goals. The goals chosen are meaningful to your student so be sure to practice Habit 5: Seek First to Understand, Then to Be Understood. Ask your student how you can help and support them in their goals.

The Leadership Notebook idea can also be used in your home. Create goals such as reading together, eating dinner at the table, or doing an activity together. Involve everyone in the family in choosing a meaningful goal and action steps. Post the goal and the action steps in a visible place and be sure to track and celebrate progress!

Outreach Corner

150 Years of Housing Discrimination – Part 2

Good housing is a basic requirement for a good life. Where you live impacts school choices, food availability, parks and open spaces, as well as access to health care and other essential services. This is the second of two Outreach Corner articles about systemic racism in housing. This second article presents some of the recent issues housing discrimination.

Since the National Housing Act of 1934 prevented Blacks from receiving federally-backed home mortgages, whites usually purchased homes in Black neighborhoods and then sold “housing contracts” to Blacks who wanted to become homeowners, often for two or three times the amount of the mortgage. These contracts only guaranteed Black families the rights to the house after all the payments were complete. Missing even one payment, or being late, could result in the Black family losing their house immediately.

The GI Bill of 1944 was enacted to help WWII veterans adjust to civilian life by providing low-cost mortgages, low interest business loans, tuition assistance, and unemployment insurance. Unfortunately, about 1.2 million Black veterans were excluded from many of these benefits.

Lawmakers should significantly expand the supply of affordable units and dismantle existing exclusionary zoning practices. These efforts must also coincide with policies that promote access to resources and opportunity among residents of color. Moreover, lawmakers should support robust civil rights enforcement in the housing market by fully implementing the Affirmatively Furthering Fair Housing rule, part of the Fair Housing Act when it was passed by Congress in 1968.

The ZIP code in which we are raised should not determine our destiny. Segregation is not the fault of any single person. But it’s every person’s responsibility to end housing systems that devalue Black people.

Based in part on “Roots of Systemic Racism” from the Society of St. Vincent de Paul and a program developed by Bread for the World <https://bread.org/>, and also www.brookings.edu, <https://www.americanprogress.org/>, www.history.com, and <https://shelterforce.org/>.
